✅ Successfully installed course: rh0016l
   Version: 10.0.5
🤖 Running: lab start files-review
SUCCESS Check connections
        - servera
        - serverb
student@workstation:~$
```

1:

```
student@workstation:~$ ssh student@serverb
Warning: Permanently added 'serverb' (ED25519) to the list of known hosts.
Web console: https://serverb.lab.example.com:9090/ or https://172.25.250.11:9090
/

Register this system with Red Hat Insights: rhc connect

Example:
# rhc connect --activation-key <key> --organization <org>

The rhc client and Red Hat Insights will enable analytics and additional
management capabilities on your system.
View your connected systems at https://console.redhat.com/insights

You can learn more about how to register your system
using rhc at https://red.ht/registration
```
